Banners should be in jpg, gif, animated gif, or flash format, 72 dpi, RGB color and the size specified above. All positions are sold on a 50% alternating basis. Add 30% to the rate for 100% basis.

Focused Online Advertising: Technology Center

Technology Center Sponsorship Advertising

Sharply focus your marketing dollars on just the audience who is interested in your category. Your ad dominates the news and information flow pertaining specifically to your market. A powerful branding tool for a surprisingly low price.

Click on the Technology Center navigation bar to determine which category is your best fit. Your banner advertisement will be dynamically served to this Technology Center's main page and to every article page. You capture the attention of every reader who is interested in your particular category as they read every news item and article matching it.

Technology Center Sponsorship is an exclusive club. Only a limited number of sponsor ads are placed in each category so you powerfully dominate the marketing in your product sector. Sponsorships are sold for a minimum of six months.

Let's Break it Down:

- **Dominate your Market:** Place ads on pages that are specific to your products!
- **Inquiry Driven:** Your ad is dynamically placed on every article page in your category.
- **Lower Rates:** Because the pages your ad goes on are category specific, the rates to advertise are lower.
- **Build Your Brand:** Our rates are designed to help you run long-term and steady. Every day, 24x7, because that's what works.

Monthly Rates		
Size	6X	12X
Leaderboard	\$525	\$325
Skyscraper	\$325	\$250
Vertical Banner	\$225	\$175
Square Button	\$150	\$125
Logo Link	\$125	\$100

(10% discount if paid in full at time of order.)

Focused Online Advertising: Online Buyer's Guide

Get Listed in the Remote Magazine Online Buyer's Guide

The Remote Magazine Online Buyer's Guide is a great way to be in front of potential customers. The Online Buyer's Guide is a searchable tool for users to find remote monitoring, control, networking, security, and onsite power related products and services they desperately need. Make sure your company is visible when a potential customer searches for the specific products or services your company can provide.

This Online Virtual Expo of Products and Services for the Remote Industry is available 24x7.

The Remote Magazine Buyer's Guide is an online guide that covers the industry from A to Z. The buyer's guide includes listings for:

- Manufacturers of Remote Monitoring software, equipment and products
- M2M
- SCADA
- Onsite Power
- Enclosures
- Services related to Remote Site products and systems.

You Have Several Options to be Listed in the Buyer's Guide

Basic Company Profiles – \$600 per year (\$50 for Additional Categories)

- Three Enhanced Category Listings
- Custom keyword tagging for Search Engine Optimization (SEO)
- Company logo in color that is linked to your website
- Complete contact information
- Your social media links: Facebook, Twitter, LinkedIn, etc
- 100 word company/product description on your own exclusive profile page

Enhanced Company Profiles – \$750 per year (\$50 for Additional Categories)

- All of the services in the Basic Profile, plus you get more options for additional postings and greater SEO customization
- Up to six Enhanced Category Listings & 500 word description
- Post up to three product catalogs, announcements, white papers, product sheets or other deliverables

Deluxe Company Profiles – \$1,275 per year (\$50 for Additional Categories)

- All of the services in the Basic & Enhanced Profiles, plus these powerful features for top-tier exposure, interactivity and SEO customization.
- Up to ten Enhanced Category Listings & 750 word description
- Post up to 10 product catalogs, announcements, white papers, product sheets or other deliverables.
- Post up to three product/company videos with interactive links to YouTube or your Website.
- Banner ad (button-size, rotating) appears on all Buyers Guide pages.
- (For larger sizes such as Leaderboard, etc., consult your representative for availability and pricing.)

eNewsletter Advertising

Twice a month the Remote eNewsletter goes out to 7,500 readers that are looking for the latest in remote monitoring & control related technology. These readers include technical contacts in the remote industry, as well as OEMs in need of the latest monitoring, control, networking, security and onsite power technology for use in their distributed equipment and facilities. Advertising in the Remote eNewsletter is a great way to reach potential buyers of your remote site related products and services.

Remote Monitoring and Control 2016

Remote Monitoring & Control 2016 will be held November 3-4, 2016 in Las Vegas, NV. This conference will cover the latest advancements for monitoring and managing distributed equipment and facilities via recent developments in SCADA, remote networks (wireless & wired), security (cyber & physical), automation, onsite and back-up power, M2M and all other manner of technology that allows for the management of remote assets.

Back for 2016 is the SCADA Technology Summit, a full two day program dedicated to nothing but SCADA technology sessions from multiple industries.

This technology-driven and solution oriented event brings together the innovators and users from multiple industries, including utilities/T&D, infrastructure, oil & gas, telecom, water & wastewater, facilities management, manufacturing, process industry, railroads and transportation.
